

CHAIR 00

Sublime Studios.

Hand-carved from recycled teak, the Circle Chair is sculptural in its restraint, animalistic in its stance. Six weeks of making distills into a silhouette both primal and precise: a round back balanced against sharp linear legs, a study in tension between softness and structure. Each curve and edge carries the impression of hand tools, marks of the artisan that refuse uniformity, celebrating raw craft.

A chair designed not only for sitting but for pausing - a quiet monument within a dining space, grounding conversations, anchoring gatherings, and commanding presence.
