

DUNE LAMPS

Past meets future.

Balancing solidity and softness, the piece carries a sculptural presence – its curved form shaped by hand to introduce depth and variation across the surface.

Formed from a resin mould, layers of polymer plaster are applied and worked with irregular brushstrokes. Each coat builds texture, allowing subtle variation to emerge across the form.

The off-white finish is developed through repeated applications and curing, resulting in a surface that feels both structured and expressive.

DIMENSIONS	S	280w x 190d x 530h (Approx. 5kgs.)
	L	400w x 230d x 750h (10kg approx.)
