

LUNA SCONCE

The art of illumination.

Art or object, sculpture or tool, a sconce for the storyteller and the tastemaker. Clasp the wall in all its hand-moulded beauty, not perfectly symmetrical, but immersive in its individuality and rugged texture.

Delicately hand-sculpted, the resin mould forms the base of the sconce. To achieve the off-white colouring, a polymer plaster finish is applied – hand-brushed onto the mould, then massaged with up to four coats per piece. A final light sanding creates an even-textured surface that remains resplendent with individual intricacies.

DIMENSIONS	490w x 240d x 250h (1kg approx.)
SPECIFICATION	• Resin with white plaster finish • 1x Max 25W 240V E27 Lamp (light bulb not included) • Not suitable for external areas or wet areas • Fitting needs to be wired and installed by a certified electrician.
