

VIOLETTE MIRROR

Reflection in bloom.

The Violette Mirror explores the balance between sculpture and function through its flowing, twisted silhouette. Soft curves wrap around the frame, creating a sense of movement while celebrating the tactile quality of its handcrafted finish.

Beginning with a sculpted resin mould, each frame is finished by hand in layered polymer plaster, creating subtle texture and natural variation. The off-white finish allows light and shadow to accentuate the mirror's sculptural form, ensuring each piece possesses its own distinct character.

Designed to bring warmth, depth and sculptural presence, the Violette Mirror serves as both a functional mirror and a statement piece within the home.
